REPORT OR BRADFORD FIRE DEPARTMENT

January 31, 1938

The year 1937 ended with very little property loss in the town due to fire. Practically all alarms were for chimney fires. In this regard the department would suggest that all home owners have their chimneys inspected at least once each year and if found necessary to have them cleaned by some one who is qualified to do the work.

There was one out of town call to Sutton which this department answered.

With the continued cooperation of the towns-people and the Selectmen the department should keep up the fine record it has had in the past.

Respectfully submitted,

N. ELLSWORTH BROWN,

Clerk of the Fire Dept.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Bradford District:

During the year 1936-'37 the teachers employed in the district were as follows:

The Center School, Miss Doris B. Williams, K. U. A. '22. The Village Primary, Miss Martha W. Cilley, K. N. S. S. S. The Grammar School, L. Russell Heath, K. N. S., '33. Mrs. Ruth Chase was music supervisor.

From the above table the following may be noted:

1. Each school had full 360 half-day sessions as required by law.

2. The number of pupils and average attendance remains about the same.

3. The percent of attendance at the Grammar School and the Center was excellent. That at the Primary School was lowered by illness of the pupils.

4. There was a marked decrease in the number of cases of tardiness. The amount of tardiness is still high. Every effort should be made to keep it at less than one per pupil.

The number of pupils registered in the schools of the district was 86. Of these four were tuition pupils from Newbury. Deducting these and adding 21 high school pupils who attend schools in other towns we have 103 pupils residing in the district and attending public schools. This is only three more than last year.

The annual report of the school nurse, Mrs. Ruth S. Moore, R. N., shows that all the pupils were examined for the usual defects. Nine were found with defective vision, and six with diseased tonsils. At a dental clinic held early in June 18 pupils received complete care and were awarded dental certificates. Dr. E. F. Keane did the work in dentistry assisted by the school nurse. The clinic was financed by the school health fund. We hope that this may be continued next year.

The erection of a modern 3-room school building during the summer fills a long felt need of the community. To appreciate the full extent of this improvement every citizen should first visit the old school rooms under the town hall and then the new building. To supplement this advancement a large well heated motor-bus is used to transport the pupils from the Center. In the physical equipment of its schools Bradford District now stands high among the progressive towns of the state.

In behalf of the pupils and teachers we wish to express our appreciation of the vote of parents and citizens to tax themselves for the purpose of providing a worthy school home for the pupils of the district.

Respectfully submitted,

JOHN A. SINCLAIR

Superintendent of Schools.
